YMCA Summer Reading Camp Hosted by Crossway Community Church

The YMCA of Greater Charlotte is excited to partner with Crossway Community Church to provide a summer reading camp for elementary students from nearby schools. Certified teachers will plan and lead literacy instruction in the morning, and then teacher assistants will lead enrichment activities in the afternoon. It is the perfect blend of summer school and summer camp, providing instruction that students desperately need following the closure of school buildings due to COVID, but also giving them opportunities to play and be kids on summer vacation!

Dates:

M-Th
July 6-July 30

Cost:

The camp will be offered at no cost to families. The YMCA has secured funding to pay for students to attend so that a family's financial circumstances do not prevent a child from attending.
